Bidders to kindly take note of the following:

=====  
**AA) Issue of Clarification.**

**Query 1:** Refer Annexure –A (Loading Plan).Wherein the master assembly and Master assembly are to be transported in single trailer. However the height of Carbody is 11.55 ft and of Master assembly 3.4 ft. Also in case of Length the former is 31.7 ft and the latter is 33.79 ft. Hence to transport the master assembly a separate trailer is needed. Kindly confirm.
