ALL BIDDERS

Sub: Corrigendum -01 issue of Clarification

JOB:PROVIDING SERVICES OF 200 MT BASIC CAPACITY CRAWLER CRANE ON MONTHLY HIRING BASIS FOR CONSTRUCTION WORK IN NUCLEAR POWER PROJECT AT 2X700 MWe NPCIL KAKRAPAR ATOMIC POWER PROJECT-3&4 AT SURAT DISTT IN GUJARAT STATE

Tender Specification Number: BHE/PW/PUR/KKRN-CRH/1194/OJ

Bidders to kindly take note of the following:

=====
AA) Issue of Clarification.

Query 1: Refer Tech bid 1194 Vol I, Clause No. 7.6, the Tender clauses state that if the Crane is partly used, payment will be made on Pro-Rata for the "Utilized" Number of Days & hourly rate basis. Which indicates the payment will be made only against the days & hours of work executed irrespective of Monthly deployment charges quoted. Hence kindly clarify & amend the clause suitably.

Clarification 1: Terms and Conditions of contract remain unchanged. As is self explanatory from clause 7.6 of contract conditions, utilized number of days refers to number of days wherein crane is available in safe working condition with trouble free operation as per contract conditions. If crane is available for less number of days in a month for example during mobilization and demobilization period, breakdown, or any other reasons, pro rata payment based on number of days shall be applicable, otherwise, monthly rates (with fulfillment of other requirements) as per terms and conditions of contract shall be paid. Bidder may note that deductions on account of non-compliances of contractual conditions shall be applicable as per terms and conditions of contract.

Query 2: Refer Tech bid 1194, Vol I, Clause 1.1.1. As per Technical specification the rated capacity of the crane (with basic boom at minimum operating radius) without Heavy Lift Attachment should be minimum 200MT and the highest capacity consignments to be lifted by the crane shall be 2 nos. 125MT MSR components having approximately 12.3m height and 5.3 m diameter. Please note that the given dimensions and weight can not be able to safely lift using the specified crane. Hence kindly review & clarify.

Clarification 2 : The tendered 200 MT crane shall be used for unloading from and loading on trailer for these 2 MSR consignments in tandem operation with BHEL's existing 75 MT crane on load sharing basis.

=====
All other Terms and conditions of the Tender Specification shall remain unaltered unless expressly amended by BHEL in writing.

Bidders are requested to submit a copy of this corrigendum duly countersigned by the authorized signatory and stamped with the Official seal as a token of Bidder's unqualified acceptance of this corrigendum.
