

Corrigendum

With reference to the tender enquiry No. EN-VAL-OT-1003, NIT-12116 dt: 20.06.2012 for the Supply of Radiographic quality fully machined TOA High Pressure Valve Body Castings and Soot Blower Castings in WCB / WCC / WC9 / C12A material specifications to BHEL, Trichy, the corrigendum is mentioned below:

1. **“The lead participant to the tender should be a Casting Manufacturer** with in-house machining facility, details of which have to be provided to BHEL. In case of outsourcing of machining facilities BHEL intends to satisfy itself that the vendor has arrangement for machining. A document for the tie up/MOU/Purchase order on machining house has to be provided with the details of machining facility available.”
2. The due date is extended up to **27.07.2012**.

The above conditions has to read along with other terms and conditions already mentioned.
