Email :

Attn. .

PLEASE GIVE REFERENCE OF ENQ NUMBER , ENQ .DATE AND DUE DATE IN ALL YOUR CORRESPONDENCE FOR PROMPT ACTION. IN CASE IF YOU ARE NOT MAKING THE OFFER PLEASE POST A REGRET LETTER AND RETURN THE DOCUMENTS.

SL NO	DESCRIPTION / SPECIFICATION	UNIT	QTY
1	TECHNICAL CONSULTANCY FOR DEVELOPMENT, MANUFACTURE AND TESTING OF 1.0 MVA, 33 KV/6.9, THREE PHASE HIGH TEMPERATURE SUPERCONDUCTING TRANSFORMER. (AS PER DETAILS ENCLOSED). NOTE : IT IS ESSENTIAL THAT THE INSTITUTE OFFERING THE CONSULTANCY FOR THE ABOVE WORK, HAS PREVIOUS EXPERIENCE IN THE REFRIGERATION AND CRYOGENICS, CLOSE CYCLE COOLING SYSTEM. THE OFFER MAY BE SUPPORTED WITH THE LIST OF RELEVANT TECHNICAL PAPERS PUBLISHED AND PREVIOUS EXPERIENCE OF THE INSTITUTE IN THE SIMILAR AREAS.	NO.	1

NOTE: PLEASE SUBMIT YOUR OFFER IN TWO PARTS AS PER THE ENCLOSED ANNEXURE 'AA' IN SEPERATE SEALED COVERS AS DETAILED BELOW:

- 1) FIRST COVER CONTAINING TECHNICAL COMMERCIAL AND UNPRICED PRICE BID ALONG WITH COMPLIAEANCE STATEMENT, MENTIONING APPLICABLE DUTIES, TAXES ETC., AND DELIVERY TIME CLEARLY.(TERMS,CONDITIONS AND COMPLIANCE FORM ENCLOSED)
- 2) SECOND COVER CONTAINING PRICE BID
- 3) COMBINED BID OFFERS WILL BE REJECTED SUMMARILY.

AS WE ARE ENGAGED IN R&D ACTIVITY "C" FORM WILL NOT BE ISSUED

PLEASE FILL UP THE ENCLOSED VENDOR REGISTRATION FORM AND SEND IT ALONG WITH YOUR QUOTATION. OTHERWISE YOUR QUOTATION WILL NOT BE CONSIDERED. (IGNORE THIS IF YOU HAVE ALREADY SUBMITTED THIS FORM)

Yours faithfully

for

SUB: Consultancy for 1.0 MVA, three-phase, 33 KV/6.9 KV high Temperature Superconducting Transformer.

Electrical Machine Laboratory of Corporate R&D Division, BHEL, Hyderabad has initiated a project on Development, manufacture and testing of 1.0 MVA, 33KV/6.9KV three-phase High Temperature Super Conducting (HTSC) Transformer.

1.0 Introduction:

High Temperature Superconducting (HTSC) Transformer consists of conventional core and HTSC winding. Core is made out of CRNO steel stamping and is at room temperature. HTSC winding will be made of Bismuth based tape called BSCCO 2223. Both the primary and secondary winding will be maintained at 77K temperature by immersing them in a bath of liquid nitrogen.

Each limb of core will have double wall vacuum insulated fiberglass reinforced plastic (FRP) container totaling three such containers. Winding of each phase will be kept in container filled with LN2.

The lid of the container will have provision for two input terminals, two output terminals (High voltage), LN2 inlet, nitrogen gas outlet. LN2 level indicator, temperature output leads.

Nitrogen gas collected at the top of container due to heat leak into the container and the AC losses generated by HTSC winding will get transferred to cryocooler by transfer lines. Cryocooler will convert nitrogen gas back into LN2 and transfer it into containers. The system is designed to work in a closed loop independently.

2.0 Electrical design of the transformer will be carried out by BHEL.

3.0 Cryogenics is a very vital part of this project as the properties of HTSC tape can be realized only at a low temperature of 77K with a provision of sub cooled LN2 at 65K.

4.0 With a view to utilize the academic knowledge of a premier Indian educational institute and the industrial experience of BHEL, it is proposed to have a technical consultancy from a premier institute for the development and successful completion of the project. The duration of consultancy shall be for 15 months or till the successful completion of the project, whichever is later.

The following areas are proposed for consultancy.

1. Mechanical and Thermal design of annular double wall vacuum insulated FRP container.
2. Design of FRP container lid for the minimum heat leak with the methods for taking out high voltage current leads two for primary and two for secondary, liquid nitrogen inlet, nitrogen gas outlet, LN2 level indicator, temperature measurement, pressure indicators apart from safety aspects like relief valve etc.
3. Modeling and analysis of complete FRP container taking into consideration of sudden heat generated in the container from the possible high inrush current in the winding due to initial energizing or short circuit in the winding.
4. Method for positioning the winding in a container.
5. Criteria for choosing a cryocooler.
6. Design of closed loop LN2 cooling system consisting of FRP containers filled with LN2, transfer lines, cryocooler etc.
7. Modeling of closed loop cryogenic cycle with provision of sub cooled temperature of 65K.
8. Thermal design of current leads
9. Safety measures are to be incorporated into the system from the cryogenic point of view.

Phase I

- To prepare state of the art report on the methods of cooling of HTSC coils/transformers.
- Mechanical and thermal design of annular double wall vacuum insulated FRP container.
- Design of FRP container lid for the minimum heat leak with the methods for taking out high voltage current leads two for primary and two for secondary, liquid nitrogen inlet, nitrogen gas outlet, LN2 level indicator, temperature measurement, pressure indicators apart from safety aspects like relief valve etc.
- Testing procedure of double wall vacuum insulated FRP container.

A detailed technical report covering the outcome of the activities of Phase I shall be submitted. The total duration of the phase I of the project shall be **3 months** from the date of start. The proposed payment after the end of this phase is **30%** of the total consultancy amount.

Phase II

- Modeling and analysis of complete FRP container taking into consideration of sudden heat generated in the container from the possible high inrush current in the winding due to initial energizing or short circuit in the winding

- Preparing the overall scheme of closed loop cryogenic system consisting of FRP containers transfer lines, cryocooler etc. The cryogenic system should work independently. The cooling cycle should have a provision of sub cooled temperature of 65K.
- Modeling of closed cycle cooling system. Estimation of total heat leak into the system in a closed cycle.
- Calculation of total N2 gas produced and pressure buildup at various locations due to heat generated/leaks in the system at various points.
- Criteria for selection for cryocooler.
- Provision of sub cooling of winding at 65K in a closed system.
- Limitations if any in adopting the technology
- Thermal design of current leads

Heat generated by winding due to AC losses in the winding will be given by BHEL

A detailed report on the activities of Phase II shall be submitted by the consultant and completes the phase II of the project. The total duration of the Phase II of the project shall be **8 months**. The proposed amount at the end of phase II is 40% of the total consultancy amount.

Phase III:

-
- Safety measures are to be incorporated into the system.
- Running and testing of closed loop cryogenic system at Corp. R&D.
- Measuring the total heat leak in a closed cryogenic system including LN2 at sub cooled temperature of 65K.
- Testing of transformer at Corp.R&D for no load, short circuit test along with cryogenic system.

Phase III of the project covers the erection, commissioning, conducting the necessary tests and proving the equipment for trouble free operation. The primary responsibility of assembling the transformer with FRP container, laying transfer lines, erection of cryocooler etc will be with BHEL and the Consultant shall advise and help BHEL in sorting out all the technical problems that arise during the commissioning and testing.

A detailed report on the activities of Phase III and after acceptance by BHEL shall be the end of phase III of the project. The total duration of the completion of Phase III of the project shall be **4 months**. The proposed amount at the end of phase IV is 30% of the total consultancy amount.

DOCUMENTATION:

The Consultant shall prepare and submit the following reports to BHEL during the period of consultancy.

- To prepare state of art report on the methods of cooling of HTSC coils/transformers
- Design report of FRP container with cover, its modeling.
- Design report on closed cycle cooling system.
- Modeling and simulation of cooling system with sub cooling provision.
- Test procedures of FRP container. Method of testing closed cooling system.

GENERAL:

- 1.0 In case, the results of development work lead to any patent(s), the patent rights shall lie with BHEL.**
- 2.0 All information relating to the development project shall be treated as 'CONFIDENTIAL' and shall not be passed on to any third party.**
- 3.0 Any technical publications and dissertations on the basis of work carried out on the this project shall be after prior concurrence of BHEL.**

BHARAT HEAVY ELECTRICALS LIMITED

CORPORATE R&D DIVISION, VIKAS NAGAR, HYDERABAD – 500 093, AP, India

Ph: 0091-40 – 23778474, FAX: 0091-40 – 23770698

General Terms and Conditions of Enquiry & Contract for the Purchase of Goods/ Services

1. The quotation and any order resulting from this enquiry shall be governed by these General Terms and Conditions of enquiry and contract for the supply of goods and the supplier quoting against this enquiry shall, unless specifically stipulates any different terms or conditions, be deemed to have read and agreed to the same.
2. Sealed quotations in double cover with tenderer's distinctive seal, superscribing enquiry number, date and due date are to be submitted so as to reach on or before due date & time, addressed to **Additional General Manager(MM), Bharat Heavy Electricals Limited, Corporate Research & Development Division, Vikasnagar, Hyderabad, Andhra Pradesh, India – PIN-500 093, India.**

In the case of **Two-part bid**, each inner cover shall clearly be labeled as a) **Technical & Commercial Bid** containing technical data/ drawings/ catalogues/ quality plans along with commercial terms and conditions & copy of the price bid with the price columns left blank (unpriced price bid), b) **Price bid** containing prices quotes. Installation and/or Commissioning charges shall be spelt out in absolutely lucid terms, taking into account total charges, rather than quoting vaguely, such as charges per man-day or charges per engineer per day etc. **If the price bid was found later to be different from the unpriced price bid in any way, the offer will be rejected summarily.**

3. **Tender/ Technical bid Opening:** Unless specified otherwise, tenders/ technical bids will be opened on appointed date and time as mentioned in the enquiry or as communicated changed date/time, if any, in the presence of such of those tenderers who may be present.
4. **Delayed/ Late Tender:** Tenders, which have been posted by registered post through the postal department in time before opening date but received after tender opening, shall be treated as regular tenders. Other tenders received after tender opening time shall be treated as late tenders and normally they may be rejected.
5. The Quotation should be free from overwriting and erasures. Corrections and additions, if any, must be attested. Supplier should indicate in the quotation dimensions (Size), weight, rate etc., in the metric system unless the enquiry calls for different unit.
6. **Validity of Quotation:** All quotations shall be kept open for acceptance for a period of ninety days from the date of opening of Tenders/ Technical bid and this shall be deemed to be an express condition of all quotations. The rate shall be quoted in both figures and in words.
7. In the case of Two-part bid, the vendor should furnish technical clarifications, if any, within stipulated time mentioned, failing which, it will be construed that the vendor is not interested in the tender and BHEL shall not consider the offer for further evaluation.
8. **Revision of Pricebid:** In the event of any bidder, after finalizing the technical specifications and scope of supply, opting to revise and submit their latest price bid, then BHEL reserves the right to open their original / previous price bid also while evaluating revised bid.
9. **Pricebid Opening:** Unless specified otherwise in the enquiry, the Price bids of technically qualified vendors shall be opened with prior intimation in the presence of such of those tenderers who may be present.
10. **Conformity to Specifications:** The material should be of the best quality and shall be conforming to our specification given in our enquiry. Unless otherwise agreed upon by BHEL, no payment shall be due by BHEL in respect of any sample. Offers without details of specifications/ applicable catalogues will not be considered and are liable to be rejected.
11. **Terms of Delivery:** All suppliers shall quote the lowest prices on ex-works and FOB/FCA basis. Foreign suppliers will also indicate their Indian agent's name and address with percentage of agency commission out of the quoted price, if any. Name and Address of the supplier's Bankers address should also be given. Indian suppliers for the indigenously manufactured/ imported stock shall quote on Ex-works /Free-on-Rail/Road /FOR-destination basis, indicating packing & forwarding charges, if any, separately.
12. **Taxes and Duties:** Unless specified otherwise in the enquiry, BHEL do not provide "C" or "D" Form as it is engaged in R&D. All Indian suppliers shall clearly mention Sales Tax/ VAT, Excise Duty, and Service Tax etc, if any, payable in addition to the quoted price and indicate applicable rates/ percentage, item-wise. It will be paid

only if Registration Number under State(TIN)/ Central Sales Tax or Service Tax is specifically mentioned in the Bill/Invoice. Vendors without a Sales Tax/VAT registration and applicable Service Tax registration will not be considered.

13. **Insurance:** Insurance will be arranged by BHEL in case of Ex-Works as well as FOB basis supplies.
14. **Terms of Payment:** Full payment will be made within 30 days after receipt, inspection and acceptance of the material (and where involved, Erection and commissioning of the material/ equipment at BHEL/Destination) by Crossed cheque and no Bank commission charges are admissible. The Cheque will be sent by registered post and BHEL is in no way responsible if loss occurs due to delay by postal authorities and cheques falling into improper hands or through forgery or fraud. Suppliers having RBI-SEFT-enabled accounts can seek payment through Electronic Fund transfer. For foreign suppliers, the preferred payment term will be on Sight Draft basis and bank charges inside India will be to BHEL account and outside India will be to supplier's account.
15. Suppliers shall quote competitive price and best delivery for all the items mentioned in the enquiry. BHEL reserves the right to reject partial quotations and to place order on overall landed cost basis. Correct date of effecting supplies in the event of an order should be indicated in the offer. If the supplier's quoted terms are different from BHEL standard payment terms, interest @10.5% per annum (or as indicated in the enquiry) will be loaded to the quoted prices for difference of payment period.
16. **Packing:** The supplier shall be responsible for the goods being properly and adequately packed so as to prevent any loss, damage or deterioration during transit and indicate packing charges, if any, separately.
17. **Part/ Split Ordering:** BHEL reserves right to Order part of the item/ quantity of the enquiry and split the order among qualified vendors.
18. In case the goods enquired are on Rate Contract basis with any other unit of BHEL, such fact should be clearly indicated in the quotation giving full particulars of Rate Contract number, validity and price and also your willingness to comply with order if placed against such Rate Contract. A true copy of Rate contract signed by the supplier should be sent with the quotation.
19. **Inspection:** On receipt, the goods shall be subjected to inspection and also test, if necessary, and our decision regarding the acceptability of the goods shall be final and binding on the suppliers.
20. **Consequences of Failure To Deliver:** The time stipulated for delivery of goods shall be deemed to be the essence of the contract and delivery must be completed within the stipulated date/s. In the event of supplier's failure to supply the goods by the stipulated date/s, BHEL shall be entitled to levy a penalty of ½% per week for the delayed no of weeks or part thereof for the undelivered portion of PO subject to a maximum of 10% total order value.
21. **Withdrawal from the Contract:** In case the supplier withdraws the quotation after its acceptance by BHEL or fails to supply the goods as per the terms and conditions of contract, or at any time repudiated the contract wholly or in part, BHEL shall be at liberty to cancel the Purchase Order and to recover from the supplier the extra cost and other loss incidental to the breach of contract on the part of the supplier.
22. **Guarantee/ Warranty certificate and Manufacturer's Test report:** Invariably in all cases where it is so stipulated, the supplier should furnish Guarantee/ Warranty certificate valid for a period of 18 months from date of supply or 1 year from the date of receipt, acceptance and commissioning(or more, if provide by oem) whichever earlier and manufacturer's Test report along with the goods, failing which, BHEL shall have the right to reject the goods.
23. All ferrous/ non-ferrous items shall be colour coded as per bureau of Indian standards/ or IS standards/ BHEL Standards.
24. **Recovery of Dues:** BHEL shall recover any amount due from the supplier or any amount outstanding to the credit of the supplier with BHEL R&D unit or any other BHEL unit(s) and/or by legal action.
25. **Arbitration & Forum for Legal Proceedings:** All disputes arising in connection with indigenous/ foreign supplies shall be settled through arbitration held at Hyderabad, AP, India and arbitration shall be appointed by Arbitration Tribunal of the Federation of Andhra Pradesh Chambers of Commerce and Industry, Hyderabad, AP, India. The Courts at Secunderabad/ Hyderabad, AP, India shall have jurisdiction in respect of any suit or other legal proceeding arising from or relating to this contract

The rights and remedies of BHEL stated in these General terms and conditions shall be in addition and supplemental to its rights and remedies under law and custom or usage of trade or business and shall in no way be deemed to limit, curtail, supercede or derogate from its said rights and remedies.

ANNEXURE “AA
BHARAT HEAVY ELECTRICALS LIMITED
CORPORATE RESEARCH & DEVELOPMENT DIVISION
VIKASNAGAR, HYDERABAD – 500 093. INDIA

MATERIALS MANAGEMENT DEPARTMENT
(Information for Technical & Commercial bids with general terms)

ENCLOSURE TO ENQ No:

DATE:

- a) Please indicate(/) for applicable or (**X**) for not applicable against each clause of the enquiry
- b) Vendor shall confirm their compliance for applicable clauses (/) in their offer without deviation.

1) Technical offer:-

- a) Vendors to confirm compliance to all points of specifications, attached if any. Deviations if any should be specified in the offer.
- b) Vendors shall furnish relevant technical Documents / Catalogues. Drawings and Quality plan duly taking care of Purchase Specification and Quality requirements along with their offer in duplicate for Purchaser’s review / Verification.

2) Two Part Bid:-

Vendor shall submit their offer in 2 parts.

2.1 Technical Bid:- Containing relevant technical data, drawings, catalogues, Quality Plan etc, along with Commercial Terms and Conditions and a copy of the price bid with the price columns left blank (unpriced price bid). If the price bid was found later to be different from the unpriced price bid in any way, the offer will be rejected.

2.2 Price Bid:- Containing the Price(s) quoted. Installation and or commissioning charges shall be spelt out in absolutely lucid terms taking into account the total charges rather than quoting vaguely such as charges as per man day or charges per Engineer per day etc.,

Technical bids will be opened on the due date of the enquiry or any other date fixed by BHEL. Further, vendor should furnish clarifications, if any, required within seven days after the same is sought by Purchaser. If no clarifications/reply received within 7 days, it will be construed that vendor is not interested in the tender and Purchaser will finalise tender accordingly. Price bids received on due date along with technical offers will be recorded and opened subsequently with due intimation to vendors after finalising of technical scope of supply.

These bids shall be submitted in separate sealed covers superscribing the nature of the offer (technical bid or price bid). BHEL Enq No. Due date etc.

Note: In case of non-compliance with the TWO_-PART-BID ie.. clause number 2 and subclauses 2.1 and 2.2. Purchaser reserves the right to summarily reject all such offers.

3) Delivery:-

Vendor shall confirm supply of materials as per the delivery schedule indicated in the enquiry.

4) Negotiations:-

Vendor shall quote competitive price and best delivery to avoid negotiations.

5) Commercial Terms & Conditions:-

Terms of Delivery:

- a) **Vendors shall clearly indicate terms of delivery Viz: Ex-Works/FOR Despatching station/FOR Despatching station FOR Destination/FOB port of loading/FAS Port of loading in their offer. If the terms of delivery is Ex-Works, then vendors shall clearly indicate the following:**
 1. **Packing and forwarding charges.**
 2. **Documentation / Handling charges if any**
 3. **FOB FAS charges (Inland Freight & Insurance charges from vendor works to port of Loading).**
- b) **All Indian Vendors shall clearly specify the Excise Duty in percentage applicable for their supplies. Offers containing expressions such as “Extra as applicable” or “As applicable at the time of Delivery” will be summarily rejected.**
- c) **CST/Local Sales Tax in percentage shall be clearly indicated.**

6) Validity of Quotation:-

Validity of offer should be 90 days after the opening of price bid.

7) Part or split ordering:-

Purchaser reserves the right to order part of item / quantity of the enquiry.

8) For clauses not mentioned in this document see the enclosed “GENERAL TERMS AND CONDITIONS OF ENQUIRY AND CONTRACT FOR THE PURCHASE OF GOODS”

- 9) **In case your terms of payment are different from our standard payment terms, interest at the rate of 10.5% per annum (or BHEL’s standard rate of interest) will be loaded to your prices for the difference of period of payment.**

Suppliers' compliance statement to basic conditions of enquiry

(In case Order to be placed on Indian supplier in Indian currency)

Condition	BHEL R& D's terms	Supplier's compliance (indicate Yes/No. if 'No', state terms desired)
1) Validity of offer	90 days from the tender opening date	
2) Delivery requirements	Free delivery at our stores or FOR destination (as indicated in the enquiry)	
3)Warranty	Unless specifically mentioned in the enquiry, all supplied items to be provided with warrantee for one year (or more, if provided by the OEM) from the date of acceptance/commissioning. In case of equipment involving erection and commissioning, warrantee shall be for 18 months from the date of dispatch or 12 months from the date of commissioning, whichever is earlier	
4) Terms of payment	Full payment will be made within thirty days after receipt, inspection and acceptance of the material at BHEL R&D (and where involved, erection and commissioning of the material/equipment at BHEL/destination), by Crossed Cheque and no Bank commission charges are admissible.	
5) Taxes & Duties	Unless specifically mentioned in the enquiry, we do not provide 'C' or 'D' form. Supplier to specify rates of taxes and duties element wise and related percentages.	
6) Penalty for late delivery	0.5% per week beyond the delivery date as mentioned in the Purchase order on undelivered portion subject to a maximum of 10% of the total order value	

* BHEL R&D reserves the right to reject any offer due to non-compliance with the above conditions and/or non-receipt of this form in duly filled condition

* Any other elements of cost in addition to the above may please be specified in detail
