| 6 | Lumpsum price each TG Stator of 250 MW for dragging / shifting from near Unloading Bay to under Crane Hook. (Qty. 2 Nos). | | |

NOTES:

1. The piping system includes pipe, bends, fitting etc. To make the system complete in all respect & payment will be released for above items as per applicable rates against rates for Item No 2 or 3 of Rate schedule , as applicable. The structure, platforms & auxiliaries required for completion of piping systems will be payable as per rates against item No. 4 of Rate schedule.
2. Evaluation shall be done considering all the items and respective quantities mentioned.
3. The quantities indicated above are tentative and are liable to vary depending upon the site requirement. The contractor has to handle / erect / commission all the items indicated by BHEL for achieving the milestones and completion of work.
4. The contractor while quoting the above rates, categorically confirms having understood the fullest implications of price escalation provisions contained in clause no of tender. Accordingly taking into consideration all aspects thereof quoted above rates. Further contractor confirms that he will not come with any other claim/compensation on account of any increase whatsoever during the entire period of execution including extended period if any.
5. The rate shall be entered in figures as well as in words. In case of difference in rates between words and figures, the lesser of the two will be treated as valid rate.
6. In case of omission in quoting any rate, the evaluation will be done considering the highest quoted rate obtained against that item. But the work, if awarded, will be on the lowest quoted rate obtained against that item.
