Some of the Bidders had raised queries in the published tender specification. The Clarifications issued by BHEL is furnished below:

SI No.	Reference Clause No.	Existing Provision	Bidder's Query	BHEL's Clarification
1	Techno commercial bid Volume – I Book - I Notice Inviting Tender Clause no 1.0 (v)	Due Date & Time of Offer Submission Due Date: June 30, 2016 Time: 1500 hrs	Please provide one week of extension to submit our tender.	Unable to consider the bidder's request for due date extension. Tender condition prevails.
2	Technical Conditions of Contract (TCC) Volume IA Part– I Chapter– IX, Volume II- Price Bid (Revision 01)	Bidder has to quote only the total lumpsum amount	As per Tender Specification Vol IA, Part I Chapter 9, Bill of Quantity, the tentative tonnage to be handled is 84,606 MT. Since there is no mention in price bid about the quantity to be handled, it is not clear whether the agency shall be paid amount on Prorata basis for the tonnage handled beyond 84606 MT or not. Since the rate quoted is lumpsum, one can presume and argue that any tonnage handled beyond 84606 MT is already covered in the lumpsum rate quoted and hence no extra shall be paid.	Please refer SI No.2 of Note in Chapter IX Bill of Quantity in Technical Conditions of Contract (TCC) Volume IA Part– I reproduced below: "2. The payment will be made at the quoted / accepted rates for the tonnage actually handled."
3	Technical Conditions of Contract (TCC) Volume IA Part– I Chapter– II,	Clause 1.2.32 on RESHIFTING OF MATERIALS/ COMPONENTS And	Request to furnish the Quantity of reshifting materials in terms of percentage. So kindly clarify TCC 1.2.32 and 1.7.2.4.3.d	Tender conditions prevails.

	Clause 1.2.32 and Chapter VII, Clause 1.7.2.4.3.d	Subclause 1.7.2.4.3.d on Penalty leviable in monthly RA bill in case of following non-compliances- Completion of reshifting, restacking is planned for the month as per Form 14.	Regarding reshifting and restacking, atleast approximate tonnage to be rehandled requires to be mentioned in order to have proper loading of the rate. In the absence of a defined tonnage, proper loading of rate cannot be done on this account. Pls specify approximate quantity to be handled.	
--	---	--	--	--

All other conditions of the Tender Specification remain unchanged.
Bidders are requested to consider this Corrigendum as part of the Tender Specification and quote accordingly
