(Signature, date & seal of authorized representative of the contractor)

SPECIAL NOTE TO BIDDERS

01. **LUMPSUM PRICE:**
The bidders should quote lump sum price for the total scope of work mentioned in ANNEXURE – I.
Compliance to Annexure SAS – I is mandatory . If successful bidder fails for compliance of Annexure SAS I , then total expenditure towards the said items along with overhead charges shall be deducted from the successful bidder’s bill.
02. Successful bidder has to submit the following documents on and during execution of the job:
Labour license for the subject work.
- a) Insurance coverage of the total workers engaged for the job.
 - b) Monthly wage certificate of the total work force.
 - c) EPF for the workers engaged.
 - d) Submit safety plan.
 - e) Submit bar chart / job completion schedule as & when asked for.
 - f) No due certificate from APNRL personal deptt.
- Successful bidder has to obtain “No Objection Certificates” from concerned deptts and P&A deptt of customer.

The scope under the specification (as per Annexure –I of scope of work) is not exhaustive but indicative only. However, any activity covered under the normal course of TG bearing inspection & generator of unit no. 1 , 270 MW set at APNRL, shall be deemed to be within the scope.

Transportation of materials from APNRL site stores to work spot as per requirement and also transportation of the T&P’s / Instruments etc. from BHEL-KOL HQ / OTHER Eastern Region SITES to APNRL & back , is included in the scope of the vendor at their own cost. Transportation of special T & Ps, lifting tackles etc from APNRL store to site and return to store after completion of job. Issuing and returning of materials from APNRL store and returning back & material reconciliation.

In case any part of the job is not required to be carried out, a deduction will be effected as per percentage shown against those items.

03. Any related work not detailed under the above schedule of work but found essential for completion of the job has to be executed by vendor free of cost.
04. The vendor has to strictly comply with the SAFETY RULES & procedures of the APNRL. It is suggested that the prospective bidders may visit & contact APNRL to know further details of their safety rules before quoting their price.
05. Transportation of spares from APNRL store to site and return to store if not used.
Disposal of scrap/ waste/ insulation generated while overhauling Work to be disposed off at predetermined place as indicated by APNRL by the bidder including transportation of the waste.
06. Defect liability period against bad workmanship shall be 6 (six) months from the date of synchronization of the machine. During this period if any re work are required to be carried out, then the same are to be done by the successful bidder. The successful bidder shall be responsible for timely execution and quality of overhauling job and stand guarantee against any defect due to bad workmanship. Once defect is registered within defect liability period , the successful bidder has to rectify the same free of cost during next available opportunity.
