	5.0	BHEL's TCN-03, vide reference no PSER:SCT:NAM-M1555:TCN-03 Date: 13-06-2014.
	6.0	All other pertinent issues till date.

With reference to above, following points, relevant to tender, may please be noted and complied with while submitting the offer.

1. Revised BOQ cum price schedule format VOL-III- PRICE SCHEDULE, REV-02 superseding VOL-III PRICE SCHEDULE, REV-01 issued earlier.

Bidders are requested to submit their offer as per revised BOQ (Rev-02) only. Offer from bidders in superseded price schedule (Vol-III, REV-01) shall not be considered. Bidders are also requested to submit a declaration in techno-commercial offer that they have submitted their price bid in sealed envelope as per **REVISED price schedule format (VOL-III- PRICE SCHEDULE, REV-02).**

2. Weight regarding IBR AND NON IBR piping shall be revised as per attached Annexure-A to TCN-04.
3. Terms & Conditions regarding 'Structural Steel to be issued by BHEL to Vendor for Piping' is attached vide Annexure-B to TCN-04.
4. Bidders are requested to note that Buried piping tonnage is ~ 200 Tons (Covering 52"-CW supply header ; 56"-CW Return header ; 20"-ACW supply header 20"-ACW return header;6"-CT blow down). Size & quantity is tentative and likely to vary.
5. Due date of offer submission is extended from 21-06-2014 to 23-06-2014 (15=00 Hrs). Bidders are requested to submit their offer by extended due date positively.
6. Revised 'No deviation certificate' is attached. Bidder to submit 'No deviation certificate' as per attached format only.
7. All other terms & conditions shall remain unchanged.

Thanking you,

Yours faithfully,
for BHARAT HEAVY ELECTRICALS LTD

JOB:ERECTION, TESTING, COMMISSIONING, PAINTING, TRIAL OPERATION & HANDING OVER OF ALL BALANCE MATERIAL HANDLING & MECHANICAL WORK OF 1X30 MW STG, 1X70 MW FRAME 6FA GTG AND 110 TPH HRSG AT 1 X 100 MW COMBINED CYCLE POWER PLANT AT NAMRUP, ASSAM.

TENDER NO : PSER:SCT:M1555:14

PREAMBLE

1	This preamble forms part of tender document and schedule of items. The tenderer should read this preamble carefully in rates for various items. Clauses under this preamble shall be read in conjunction with Volume-IB, ID, IE , Volume – IF and other tender sections as applicable.
2	The work shall be carried out strictly as per specifications, description of the items in these schedule and / or engineer's instructions.
3	Items of work provided in this schedule but not covered in this specification shall be executed strictly as per instruction of the engineer.
4	Unless specifically mentioned otherwise in the tender document, the tenderer shall quote for the finished items and shall provide for the complete cost towards power, fuel, tools, tackles, equipment, constructional plants, temporary works, labour, dismantling of all temporary piping, structures, valves, pumps, tanks & other misc. equipment, strengthening of roads/culverts/bridges etc. including arranging all clearances etc. required for carrying out different activities & tests, materials, levies, taxes(except service tax), transport, layout, repairs, rectification, maintenance till handing over, supervisions, colonies, shops, establishments, overheads, profits and all incidental items not specifically mentioned but reasonably implied and necessary to complete the work according to the complete tender document and this schedule.
5	The quantities of the various items mentioned in this schedule of items are approximate, based on very preliminary information and may vary to any extent or be deleted altogether. The quoted rates of each item will remain firm throughout the period of execution including extension, for reasons whatsoever, as long as variation in the total value of work executed under any part of this contract including extra items, if any but excluding any price variation remains, within fifteen percent ($\pm 15\%$) of the awarded price as per LOI .
6	Prior written approval of BHEL shall be sought by the contractor in case quantity variation of any item crosses +50% (plus fifty percent) limit during execution and approval to be obtained before execution of further quantity for this item
7	In case Sealed /Paper Price Bids are opened for finalisation of the tender, for any Item Rate/BOQ based contract, possibility of variation of quantity/ addition/deletion of items can not be ruled out. Under such circumstances, after execution of work, if it is observed that standing as L-1 is changed based on actual quantity executed, the bidder shall give suitable rebate to maintain your standing as L-1. Since this aspect can be assessed at the end of execution, necessary adjustment will be effected at the end of execution in final bill.This condition shall not be applicable where the tender is finalised through Reverse Auction.
8	BHEL reserve the right to rationalize the rates, quoted by L-1 bidder against unit rate items and/ or other optional items with respect to item-wise lowest rates (amongst the participating bidders), before placement of order
9	The rates quoted shall be inclusive of cleaning of site of any vegetation, dressing , clearing of old structures and leveling etc. including fixing of grid pillars, benchmarks etc. required for commencement of site activities. No separate payment will be made towards the same.
10	Rates shall be quoted in figures and in words in clear legible writing. No overwriting is allowed. All scoring and cancellations should be countersigned and in case of illegibility the interpretation of engineer shall be final. All entries shall be in English language.
11	All works item wise shall be measured upon completion and paid for at the rates quoted and accepted as per BHEL approved payment schedule/billing break-up.
12	The tender shall be deemed to have visited site and made himself aware of all the site conditions, studied the specifications and details of work to be done within the time schedule attached and to have acquainted himself of the conditions prevailing at site.
13	No splitting of the job is envisaged. Decision of BHEL in this regard shall be final and binding to the bidders.
14	Engineer's decision shall be final and binding on the contractor regarding clarification of items in the schedule with respect to the other sections/volumes of the contract.
15	In case of tender for Civil and/or Structural works , the Non-schedule items are not quoted by the bidder, it will be treated at par with rate of corresponding item of CPWD/PWD/DSR schedule as prescribed in the tender/BOQ cum Rate Schedule.
16	Size and weights of various items are mentioned in the attached BOQ cum rate/price schedule for reference purpose only & these shall not be taken into consideration for quoting/calculating amount in the rate schedule. These shall be utilised as per relevant sections of tender. Bidders shall quote for each item in the rate column, taking unit as mentioned in the quantity column. Rates shall be filled in both figures and words. Amount shall be calculated based upon these rates multiplied by the mentioned quantity for the respective items.
17	Bidder's Total price shall be considered for evaluation unless stated otherwise.
18	In case of BOP packages, if Bidder does not quote/indicate the price for freight charges against indicated rate schedule, the same shall be considered as 2% of basic price and adjusted with the total quoted price against each item keeping the total quoted price unaltered.

TERMS & CONDITIONS For STRUCTURAL STEEL to be issued by BHEL to Vendor for PIPING

1.0	MATERIAL HANDLING (BHEL ISSUED MATERIAL)
1.1	Structural steel (plate/ ISMB/ channel/ angle) only will be issued free of cost by BHEL for use in the work covered in this contract. All other materials required for proper completion of job shall be provided by contractor and quoted rates shall be inclusive of this.
1.2	Consignment of steel will be directly issued to the contractor as received by BHEL, on weightment basis from its supplier, as per delivery challan of supplier.
1.3	It would be the responsibility of the contractor to keep in constant contact with BHEL/ site to find out the delivery status, arrival of the consignments and arrange for escort to accompany the truck/ trailer for transportation of above materials by BHEL'S supplier, as necessary. The lorry, truck way bill for the consignment as shall be received by BHEL would be handed over to the contractor immediately for unloading of materials including all arrangement for necessary gate passes etc. All arrangement for necessary gate passes etc shall be the responsibility of contractor.
1.4	Payment of all demurrages that may result due to contractor's fault/ delay would be the responsibility of the contractor. If BHEL have to make payment of demurrage together with freight, the amount so paid as demurrages for the reasons stated above, shall be recovered from the bills of the contractor. The decision of BHEL's engineer in this regard will be final and binding on the contractor. However the contractor has to clear all such charges, if any in this regard and complete the job without waiting for BHEL's decision.
1.5	It would be the responsibility of the contractor to sign on the delivery book acknowledgement slip of supplier/ transport authorities etc.
1.6	Consignments coming on Sundays and holidays are also required to be handled/ unloaded by the contractor. Since the offices and stores will probably remain closed on such days, it will be the responsibility of the contractor to contact BHEL engineers at their residence and obtain instructions.
1.7	Since the consignments are expected to arrive during any time of the day or night, contractor shall have, his workmen round the clock at site as well as other places as required to unload the materials immediately on arrival.
1.8	Unloading of materials at the storage yard or at places designated by BHEL, stacking & restacking, shifting & resifting, using contractor's own cranes, trailers and other equipments with the valid road permit for their operation, unloading and stacking etc shall be responsibility of the contractor under this contract. All materials/equipments shall be stacked, stored above ground level by use of concrete or wooden sleepers. No materials shall remain on ground at any time. All concrete sleepers required for stacking the materials shall be arranged by contractor (successful bidder of this package as per BOQ items. All other material handling equipments like winches, d-shackles, slings of various sizes, max puller, pulley blocks, jacks, trucks, tailors etc required for such material handling of steel, shall be arranged by contractor within quoted/accepted rates.
1.9	It will be the responsibility of the contractor to submit computerized account of all such consignments of materials received by them, daily to BHEL.
1.10	BHEL reserve the right to recover from the contractor any loss arising out of damage/ theft or any other causes of the materials issued to him at any point.
1.11	The contractor shall in no case be entitled for any compensation or damages on account of any delay in supply or non-supply thereof for all or any such material.
1.12	Rusting of steel must be avoided. In case, due to any cause attributable to the contractor, such rusting of steel occur rendering the same unusable, then such quantity of steel shall be recovered from the interim payment at the penal rate specified in the tender.
1.13	No material shall be issued to the contractor except as those indicated above, ie Structural steel unless otherwise expressly provided for in the contract. Contractor will have to make his own arrangement at his own cost for procurement of any other material as required for the works and of such quality as acceptable to BHEL.
1.14	The contractor shall maintain proper store account for all the BHEL issued

	materials and shall give three copies of monthly computerised reconciliation statement of such account to the BHEL.
1.15	Contractor shall carry out in complete association with BHEL, material management functions and execution like day to day update of materials, issued to contractor, accounting for surplus/ scrap material returned etc. These functions shall also be carried out through computerised system utilizing suitable software. Contractor shall provide experienced software personnel to associate on dedicated basis for efficient discharge of the same.
1.16	The contractor shall solely be responsible for the safety & quality of material after it is handed over and issued to contractor by BHEL.
1.17	BHEL issued materials shall not under any circumstances taken out of the project site unless otherwise permitted by BHEL.
1.18	All the necessary lifting tackles, cranes, hydra, tools & plants including tractors, trailers, trucks, pulley blocks, jacks, winches, wire ropes etc, of suitable capacities and other equipments incidental to carry out this work shall have to be arranged by the contractor at his cost. BHEL engineer reserves the right to inspect lifting tackles and equipment before allowing their use. Such approval however shall not relieve the responsibility of the contractor to ensure safe handling of equipment taking the precautions to avoid any accident and damage to other equipment and personnel.
1.19	No separate rate will be applicable for the above job. The contractor will quote the rate for the items inclusive of all charges for the above job. The contractor shall organise despatch & transport steel materials through supplier and unload & receive the materials as above as per requirement decided by BHEL and in this case the decision of BHEL will be final.
1.20	Bidder's scope of handling of steel under the scope of this tender includes stacking/ storing of materials over concrete sleepers. Bidder scope shall include provision of concrete sleepers for this purpose and payment against the same will be made by BHEL as per relevant item of price schedule . After completion of the job bidder shall take back the sleepers. Bidder's quoted rate/ price shall be in consideration to this.
2.0	ISSUE OF MATERIALS
2.1	ISSUE OF STEEL
2.2	The steel shall be issued to the contractor free of cost on the following basis.
2.3	MS structural steel (plates, angle, channel, ISMB) materials – Weighment basis (unit – MT).
2.4	All the steel (structural steel) issued by the BHEL shall be properly accounted for.
2.5	In case any such sectional weights are not available in the above documents, the manufacturer recommendation shall be binding.
2.6	The steel issued to the contractor shall be mainly in standard length and sections as received from the supplier. However, the contractor shall be bound to accept the steel in length as available in the project stores no claims for extra payment because of issue of non-standard length will be entertained.
2.7	The contractor shall satisfy himself of the quality and quantity of the materials at the time of taking delivery from BHEL stores. No claims whatsoever will be entertained by BHEL because of quality or quantity after the materials are taken by contractor from BHEL stores.
2.8	The contractor shall submit to the engineer, a statement indicating estimated quantity of steel required at least two months in advance. In addition, the contractor shall also furnish the estimated requirement of steel during a month by the third week of the previous month indicating his requirement.
2.9	Bidders to ensure that no lamination materials are taken over by them from BHEL. Fabrication wastage, if any due to above, shall not be compensated by BHEL
3.0	RETURN OF MATERIALS
3.1	RETURN OF STEEL INCLUDING SCRAP
3.2	All surplus steel and all wastage materials will be taken back on weighment basis.
3.3	Surplus, unused and un-tampered steel shall be sorted section-wise and returned separately for a place directed by BHEL/ engineer within the project area. Return of

	such materials will not be entitled to any handling and incidental charges.	
3.4	All wastage/ scrap (including wastage, unusable scrap) shall be returned to the stores on weightment basis and a receipt obtained for material accounting purposes. Return of such material will not be entitled to any additional cost due handling and transportation and incidental charge.	
3.5	Scrap for structural steel shall be returned separately	
4.0	STEEL CONSUMPTION AND WASTAGE	
	STRUCTURAL STEEL CONSUMPTION	
4.1	The theoretical consumption of various sections shall be based on approved drawings. Weights shall be calculated considering the sectional weights as per Indian standard as mentioned in relevant clause. No extra shall be payable to the contractor for any deviation in weights for the two different procedures adopted for issue and calculation of the theoretical consumption including rolling tolerances.	
4.2	Actual consumption = Issue – Surplus.	
4.3	Surplus = Untempered, unused, uncut quantity of steel returned by the contractor to BHEL store.	
4.4	Wastage = Actual consumption – Theoretical consumption.	
4.5	STRUCTURAL STEEL WASTAGE	
4.6	Allowable wastage – 3 % (three percent) of the theoretical consumption shall be considered. Wastage is further classified as cut pieces and scrap measured as per actual weightment basis. Invisible wastage (loss of materials due to gas cutting, straightening of edges etc) shall be limited to 0.5 % (zero point five percent) of theoretical consumption and shall be considered for reconciliation purposes only. But this invisible wastage shall be considered to be included in allowable wastage (i.e. five percent).	
4.7	Sl no	Basis of issue & penal recovery
	S-1	Theoretical consumption (without considering any wastage, scrap or loss) as per specification & drg.
	S-2	Wastage limited to plus three percent (+3%) of the aforesaid theoretical consumption (S-1) towards allowable wastage.
	S-3	Wastage beyond three percent (+3%) of the aforesaid theoretical consumption (S-1).
4.8	All wastage for structural steel shall be returned to BHEL.	
5.0	RECONCILIATION OF BHEL ISSUED MATERIALS	
5.1	The contractor shall submit a reconciliation statement of steel issued to him with each RA bill.	
5.2	At the time of submission of bills, the contractor shall properly account for the material issued to him as specified herein to the satisfaction of BHEL certifying that the balance material are available with contractor's custody at site.	
5.3	At the time of submission of bills by the contractor, if it is noticed by BHEL that the wastage is high and calls recovery at the penal rate, then BHEL will proceed for recovery for the excess wastage as per penal recovery rates as specified.	
5.4	The approved drawings/ bar bending schedules are to be considered for the purpose of reconciliation of materials.	
6.0	RECOVERY OF MATERIAL	
6.1	If wastage exceeds the specified limit, the recovery of excess wastage shall be made from monthly RA bill at the penal rate stipulated below.	
6.2	PENAL RATE OF MATERIALS	
	Item	Penal rate (Rs)
6.3	Structural steel.	65,000/- per MT.

Dear Sirs,

With reference to above, this is to confirm that as per tender conditions, we have visited site before submission of our offer and noted the job content & site conditions etc. We also confirm that we have not changed/ modified the tender documents as appeared in the website/ issued by you and in case of such observance at any stage, it shall be treated as null and void.

We hereby confirm that we have not taken any deviation from tender clauses together with other references as enumerated in the above referred NIT. We hereby confirm our unqualified acceptance to all terms & conditions, unqualified compliance to technical specification, integrity pact (if applicable) and acceptance to reverse auctioning process.

In the event of observance of any deviation in any part of our offer at a later date whether implicit or explicit, the deviations shall stand null & void.

We confirm to have submitted offer in accordance with tender instructions and as per aforesaid references.

Thanking you,

Yours faithfully,

(Signature, date & seal of authorized representative of the bidder)
