  - vii) Security Deposit can also be recovered at the rate 10% from the running bills. However in such cases at least 50% of the Security Deposit should be deposited before start of the work and the balance 50% will be recovered from the running bills.
  - viii) EMD of the successfully tender shall be converted and adjusted against the security deposit.
- NOTE:** Acceptance of Security Deposit against Sl. No. (iv) and (vi) above will be adjusted to hypothecation or endorsement on the documents in favour of BHEL. However, BHEL will not be liable or responsible in any manner for the collection of interest or renewal of the documents or in any other matter connected therewith.
11. Security Deposit shall not be refundable to the contractor except in accordance with the terms of the contract.
12. **The Security Deposit will be released along with the final bill or after completion of maintenance period (refer first page of this document) for the work, whichever will be later.**

---

**SIGNATURE OF TENDERER****ACCEPTING AUTHORITY**

**DIRECTIONS TO PARTIES FOR TENDERING**

1. If at any time, BHEL supplies materials other than those specified in the agreement at the request of the contractor for use on work, they will be charged at the market value prevailing at the time of supply or issue rate plus 12½ % whichever is greater.
2. Subsidiary items such as water for work, clearing and marking out site, hire of tools and plants should be separately entered. If such items are not so entered, it will be assumed that the rates quoted, in the schedule include provision for them also.
3. The tenderer shall examine closely, the Andhara Pradesh Standard specifications kept in Manager, Electrical's Office and also the relevant clauses of the standard preliminary specification before submitting his tender unit rates which shall be for finished work in site. The contractor should purchase a book of Andhra Pradesh Standards Specifications for his references. He shall also carefully study the drawings and addl. specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer.
4. Each tenderer must quote the PAN no. with proof of allotment by the Income Tax Authority. In the case of proprietary firm, it will be necessary to quote the aforementioned for the proprietor or proprietors and for each of the partners as the case may be.
5. Every tenderer is expected, before quoting his rates to inspect the site of the proposed work. He should also inspect the queries, and satisfy himself about the quality and availability of materials. The best class of materials shall be used on the work. In every case, the materials must comply with the relevant standards specifications. Samples of materials as called for in the Standard Specifications, or in this tender or as required by the Engineer-in-charge having jurisdiction for the time being over the work, herein-after called AGM/TA, shall have the due approval before the supply to site of work is begun. Attention of the contractor is directed to standard preliminary specification regarding payment of seignior age, tools etc.
6. Time shall be considered as the essence of the contract. The rate of progress as mutually agreed to is required to be maintained. Date of commencement of this programme will be the date on which the site (or premises) is handed over to the contractor.
7. The tenderers are required to quote their tender value on %age basis at excess or less or on par with estimated value in the Schedule-A. The %age should be written in both words and figures. The schedule accompanying the tender shall be written legibly and free from erasures, over writings or corrections of figures. Corrections where unavoidable should be made by crossing out, initialing & rewriting. No alterations which are made by the tenderer in the tender form, conditions of agreement, the drawings or specifications accompanying the same will be recognized and if any such alterations are made, the tender will be void.

**ACCEPTING AUTHORITY**

**Schedule – 'B' : SERVICES viz. WATER & ELECTRICITY TO THE SITE OF CONTRACTOR****1. WATER**

Water required for the purpose of executing the contract shall be supplied by Bharat Heavy Electricals Limited and charged at Rs.15.00 per 1,000 liters. The supply will be made at a convenient point to be determined by the Engineer-in-Charge and Contractor has to make his own arrangements to distribute the water to places where required including cost of providing and fixing water meters. The charges for consumption of water will be as under, where water meters could not be provided by the contractor and prior permission for the same has to be obtained in writing from the Engineer-in-Charge.

i)	On the total value of periodical maintenance of items of building	...	0.25%
ii)	On the total value of other Civil works	... ..	0.50%
iii)	On the total value of road works	... ..	0.75%

**NOTE:** In respect of items (i) & (ii), only items where water is consumed on the work, will be considered for arriving at the total value.

In respect of items (iii), only the value of work on non-water consuming items such as picking metal, earth work, Asphaltting etc. will be excluded from the total value of road works.

**2. ELECTRICITY**

Electric current if required will be supplied at a convenient metered point to be determined by the Engineer-in-Charge. Any extension required to the different work sites will have to be arranged by the Contractor himself. Energy consumed will be metered and charged at Rs.4.95 (Rupees four & Paise Ninety five only) per unit. Where meter could not be provided for structural steel works current charges will be recovered at 70 units per each tonne of structural steel fabrication work done.

---

**SIGNATURE OF TENDERER****ACCEPTING AUTHORITY**

**SPECIAL CONDITIONS**

1. Time is the essence of contract and the specified time of completion is up to **twelve (12) months**, which will be reckoned **from the date of commencement of work**.
2. These special conditions supplement the conditions to tenders and contracts and the General conditions of contract and from part of the contract documents. Where these special conditions are at variance with the General conditions of contract, these special conditions shall prevail.
3. All rates quoted shall be for finished work in site inclusive of all leads, lifts and other incidental charges and those in general conditions.
4. Before quoting his rates of the work, the tenderer shall inspect the site of work and the quarries from which various materials are to be brought and should satisfy him about the nature and scope of work to be executed and quality of materials procurable from the quarries. In every case the materials shall conform to the relevant APSS and shall be got approved by the engineer-in-charge before they are used on the work. The Bharat Heavy Electricals Limited will not, however, after acceptance of a contract rate, pay extra charges for any other reasons; in case the contractor is found later on to have misjudged the nature and scope of the work and also the availability of materials.
5. The tenderer is not allowed to alter the specifications of the unit of work noted in the Schedule-A. For the sake of uniformity in comparisons of tenders, the tenderers should not add any conditions of their own. Tenders not complying with these conditions are liable to be rejected.
6. The A.P. Standard Specification / I.S. Specifications, those in Schedule-A shall be followed for all items of works. Wherever there is difference between the A.P.S.S. and I.S. Specifications, the later shall prevail.
7. The Addl. General Manager/TA reserves the right to deviate either by addition or by deduction from the schedule of items of work given in the tender document after awarding the work.
8. In case of any difference between agreement wording and detailed drawings the interpretation of the Addl.General Manager/TA shall be final and binding on the contractor.
9. The final acceptance of work in all items is subject to proper behaviour after testing regardless of whether the items are paid for or not.
10. All debris and surplus materials shall be cleared from the site as and when directed by the Engineer-in-charge. Any temporary structure / stores made by the contractor for the work shall be demolished and site cleared before payment of final bill.

---

---

**SPECIAL CONDITIONS – SAFETY**

1. The following are a few safety measures suggested while carrying the work. However all the items of work should be carried out in safe working manner taking all precautions.
2. Before any conductor or apparatus is handled, adequate precaution shall be taken, by earthing or other suitable means to discharge electrically such conductor or apparatus.
3. Person who is working on an electric supply line or apparatus shall be provided with tools, instruments such as line testers, multimeter, tongue tester, megger and safety equipments such as gloves, rubber shoes, safety belts, ladders, earthing devices, helmets and the like for protecting him from mechanical or electrical injury.
4. No person shall work on the live circuit without the express orders of the supervisor. It shall be made sure that all safety precautions have been taken and the person is accompanied by a second person competent to render First Aid and Artificial Respiration.
5. The contractor shall keep a supervisor always at work site.
6. Power shut down shall be taken before commencement of the work wherever power cables are running.
7. Proper and necessary tools are to be used for carrying out all types of works.
8. The contractor is responsible for providing of necessary safety equipments such as helmets, gloves, rubber shoes, safety belts, ladders, earthing devices etc to carry out the work safely.

**SIGNATURE OF TENDERER****ACCEPTING AUTHORITY**
