

Annexure - C TO TENDER BAP/CAP/2014-15/OT-12

Technical Specification

Description : Reciprocating Air compressor with dryer
Working : Electrical (3phase ~400Volt)
Power : 6HP to 8HP
Switch : Automatic on/off pressure control switch
No. of cylinder : Two
Piston Displacement : 22CFM to 27CFM (PD)
Actual Discharge : 18CFM to 20CFM (FAD)
Working Pressure : 12bar to 13bar pressure
Tank capacity : 220Litres to 250Litres
