Before opening of Techno-Commercial Bid

1. Bidder has to go through the full tender document inclusive of engineering documents.
2. Bidder can contact BHEL personnel as specified in the NIT.
3. Explanation on Part-A & Part-B in Price-Bid format: - The scope of work is divided into two parts.

[Part-A]: This consists of variable scope which accounts for the different draw-out and fixed modules. The different modules are mapped to individual scheme is tabulated under Page 1 of 4 in Volume-III Part-2. Quantities given in Part- A are tentative. For purpose of calculation of L-1, the specified quantities will be considered. These quantities represent total tentative modules (other than those considered under Part-B) in the project. The quantity specified may change during detailed engineering.

[Part-B]: The boards coming under this scope where the quantity requirement is fixed except for miscellaneous work as specified afterwards. DG boards are emergency boards and FA boards are DC boards which are of different type from the rest. Other boards are for mainly PMCC, MCC and DB mostly used for 415V 50Hz 3W/4W AC applications. BUS-PT, Line-PT, CST, Space-Heater Supply, any kind of inter-panel wiring, testing and any other miscellaneous work (which does not cover under part-A) etc. will be the scope of work for Part-B. These prices should be immune to any change any ratings of PT, CST, Space-Heater Transformer ratings/numbers, quantum of inter panel inter-locks, applicability of Numerical and/or Electro-mechanical relays or any-other unforeseen work which surfaces during detail engineering. It is advised to load any uncertainty cost in this part to the best of the ability of the bidder.

4. Bidder should prepare their offer as mentioned in this NIT (full-document) and submit [2 bids: Techno-Commercial Bid & Price Bid] on or before the tender due date and time with properly mentioning details as prescribed in NIT. Techno-Commercial offer must contain unpriced signed price-bids and **EMD**.

After opening of Techno-Commercial Bid

1. BHEL will evaluate the techno-commercial offers submitted by different bidders. Only those offers will be evaluated which will be opened by tender opening committee.
2. BHEL may ask further clarification from the bidders.
3. BHEL at its liberty to reject any offer based on deviations from NIT. Further opportunity to any bidder to submit any document may or may not be given at BHEL's discretion.
4. BHEL-EPD may call the bidders for further discretion. Bidder or his authorized representative (who are capable of taking decisions) should be able to be present at BHEL-EPD, Bangalore-12 during working hours of BHEL-EPD with 1 working day notice (preferably e-mail correspondence).
5. Rejected offers (out of which opened by tender opening committee) except any regret by the bidder will be informed to the respective bidders by email correspondence.

Before Reverse Auction / Price-Bid Opening

1. BHEL reserves the right to go for RA (reverse auction) or open the price-bid.
2. All techno-commercially qualified bidders will be intimated for BHEL's decision for RA or Price-Bid & date-time for the same.
3. For RA, bidders need to follow the procedures for RA as per BHEL RA guideline. Our service provider (will be informed later) will take care for this part.

Evaluation of L-1

1. Overall L-1 will be calculated for each project as per the price bid format (part- A + part - B).
2. Evaluation of the L-1 offer shall be computed on overall lowest cost to BHEL basis for (part-A + part-B). (Grand Total Price for all the items indicated above minus tax credit, if any)

After Reverse Auction / Price-Bid Opening & Before issue of Work-order (Award of contract)

1. If RA fails, price bid may be opened or RA may be re-conducted as per BHEL guideline.
2. In price-bid, multiple L-1 occurs; suitable action will be followed as per NIT & BHEL guideline.
3. After RA, L-1 bidder needs to furnish full price breakup through service provider as per RA guideline.
4. Even after RA or Price-Bid opening, BHEL reserves the right to negotiate with L-1 bidder.
5. As this is a work-sharing contract amongst multiple contractors. Except H-1 bidder in online sealed bid in RA all other bidders will be eligible for receiving counter offer (L-1 is not part of this process) at post-negotiated L-1 price for respective share. Detailed sharing of work schedule is mentioned in Volume-II Part-4.
6. If no bidders (out of whose price-bid opened or other than H-1 who participated in RA) accept counter offer, L-1 will get full share of the work.
7. If any particular bidder does not accept for his share of counter offer, chance will be given to the next bidder. For these sequence BHEL will rank each bidder according to the price i.e., L-2, L-3, L-4 etc.
8. After the finish of counter-offering rounds, BHEL will inform the respective bidders their respective Security Deposit amount.

After issue of Work Order

1. BHEL will issue work-order and LOI to the bidders and will ask them to submit their Security Deposit Amount.
2. In-case of failure to submit Security Deposit amount, cases will be governed by BHEL works policy.

If any contractor fails to keep the workplace clean, suitable actions will be taken by BHEL e.g. recovery of cleaning expenditure from the contractor's bill.
5. For any workmen qualifying all terms and conditions of NIT, gate passes will be issued. Details for new person or for renewal of gate passes contractor has to furnish all necessary details and document at least 3 calendar days before.
6. Material entry to BHEL-EPD is only permissible on working days from 8:00hrs - 15:00hrs through material gate. Contractor needs to follow the BHEL standard security policy for material entry.
7. Contractor should arrange security for his tools, tackle or materials. BHEL is not responsible for any damage.
8. During the execution of the contract, contractors will be bind the terms and conditions as specified in the NIT.

Same as "Before Intimating to Contractor"

Work Completed or partially completed

For any scheme change, Volume-III Part-3 will be followed. For addition/change-in-quantity of part-A and/or part-B, above rules will be followed.

Note: Chances of change in part-A quantities is +/-30% and that of in part-B is +/- 10%. For any addition of new module, BHEL will decide which nearest module price to be considered. Any small distribution board e.g. wall mounted ACDB etc. will be also covered through part-A, which may not have any part-B component.

Additional Steps to be followed at the time of billing

Breakup of billing with part-A, part-B & unit Rate of addition/deletion if any, to be furnished. Addition/Deletion within +/-5% needs to be ignored for claim purpose from both ends.
