BHARAT HEAVY ELECTRICALS LIMITED, JHANSI

EXPRESSION OF INTEREST FOR PURCHASE OF CONTINUOUSLY TRANSPOSED COPPER CONDUCTOR (CTC)

About BHEL:

Bharat Heavy Electricals Limited (BHEL), a public sector undertaking, is one of the largest manufacturer of power transformers and other power equipment in India in the field of energy & infrastructure sector today.

BHEL is primarily engaged in the design, engineering, manufacture, construction, testing, commissioning and servicing wide range of products and services for the core sectors of the economy, viz. Power, transmission, industry, Transportation, Renewable Energy. Oil & Gas and Defence. BHEL has 16 manufacturing division, two repair units, four regional offices, eight service centres and 15 regional centres and currently operate more than 150 project sites across India and abroad.

Most of the BHEL units are accredited to Quality Management System (ISO:2008), Environmental management system (ISO 14001:2004) and Occupational Health & Safety management Systems (OHSAS 18001:2007). BHEL has a share of 57% in India's Installed generation capacity contributing approx. 69% to the total power generated from utility sets (excluding non-conventional capacity).

BHARAT HEAVY ELECTRICALS LIMITED (BHEL) an integrated power plant equipment manufacturer and one of the largest Engineering and Manufacturing Maharatna PSU company invites expression of interest from technically competent and financially sound vendors for supply of CTC and BHEL specifications given below:
