

Power Sector – PEM Noida

Technical Pre - Qualification Requirements
(For Open/Global Tender)

To be read in conjunction with PEM general
PQR

PROJECT : 1X700 MW BELLARY THERMAL POWER STATION
UNIT NO3, STAGE-3

PACKAGE: OZONE GENERATION PLANT

DEPARTMENT: Mechanical Auxiliary
Engineering

Sheet 1 of 2

RV00

TECHNICAL PREQUALIFYING REQUIREMENTS

A) Performance Certificate (along with copy of relevant purchase order) from the end-user for at least one successfully executed contract of Ozone Generation Plant with minimum plant capacity of 7 Kg/Hr. Package should have been successfully in use for at least one year in thermal power station unit or in a similar industry/application.

OR

The supplier has been awarded repeat contracts by product specific same customer for the package for similar industry/ application after 1 year of commissioning or product specific on regular basis after execution of 1 contract of Ozone Generation Plant with minimum system capacity of 7 Kg/Hr.

To establish above, supplier shall submit the following for BHEL verification

- Supplier's Experience List of offered system on the enclosed format Annexure A.
- Performance feedback certificates from end user (in English) complying with requirement at S. No A above and indicating salient features like year of commissioning of system, system parameters e.g. project name etc., date of issue of certificate and name, designation & contact details of the certificate issuer. The certificates shall be provided along with the relevant un-priced purchase order copies (from the original). Two sets of approved P & IDs and system layout of projects being referred for meeting the technical PQR.

GENERAL PREQUALIFYING REQUIREMENTS

B) Supplier should be an engineering organization / manufacturer for the Ozone Generation Plant dealing with the package on regular basis. In case the bidder is not a manufacturer of Ozone Generation Plant, the bidder must have a collaboration/joint venture or valid licensing agreement for design, engineering, manufacturing, supply, erection and commissioning of Ozone Generation Plant in India/abroad with manufacturer who meets the above requirement.

C) Supplier to submit the following major documents:

- Supplier registration form duly filled in, (to be downloaded from www.bhel.com or www.bhelpem.com separate forms for Indian and Foreign suppliers), supported by credentials / documents mentioned therein. CST/VAT/PAN, factory license, pollution certificate etc. as applicable shall be attached. In case of document being in any other language than English, a certified English version needs to be attached.
- Certificate of Incorporation from the registrar of companies/ partnership deed /Proprietorship documents etc. as applicable.
- Experience details for 10 recently executed contracts/ evidence of continuity of business.
- Indian suppliers need to submit the audited balance sheet for last 4 (3 years for Foreign suppliers) years to establish financial soundness.
- Foreign supplier need to submit a report from a reputed third party business rating agency like Dun & Bradstreet, Credit reform etc.
